Scholar Results **1 - 10** of about **7,390** for **bus bridge data (verif OR check) (error OR fault OR fail) (transm**

A Secure **Data** Transmission Scheme for 1149.1 Backplane Test **Bus** - group of 3 »
W Ke, D Le, N Jarwala, NJ Princeton - ieeexplore.ieee.org
... Both SCAN **Bridge** and ASP support multicasting so thai ... the board is connected to the backplane **bus** and ends ... for every logical **data** entity, corrupted **data** may be ...

All articles Recent articles

A network interface for highly accurate clock synchronization - group of 5 »
M Horauer, N Kero, U Schmid - Proceedings Austrochip, 2000 - ecs.tuwien.ac.at
... the PCI **bus** specification, a PCI-to-PCI **bridge** has to ... network controller/PCI target and the PCI **bus** on the ... direction, the RTU monitors the incoming **data**-stream ...
Cited by 5 - View as HTML - Web Search

Performance analysis of a CAN/CAN **bridge** - group of 5 »
H Ekiz, A Kutlu, MD Baba, ET Powner - Network Protocols, 1996. Proceedings., 1996 International ... - doi.ieeecomputersociety.org
... Construction of a **Data** Base Table ... In the designed **bridge** architecture , it was ... I'), an interrupt is generated in two cases: when a CAN **bus error** is deduced ...
Cited by 4 - Web Search

An approach to verify a large scale system-on-chip using symbolic model checking - group of 7 »
K Takayama, T Satoh, T Nakata, F Hirose - International Conference of Computer Design, 1998 - doi.ieeecs.org
... **data** is transferred between BB-H and a **bus bridge**, such as ... controllers in BB-H receiving a **data** from **Bus**-M at ... DMA controller in BB-M, sending a **data** during the ...
Cited by 14 - Web Search

Verification of the Futurebus+ cache coherence protocol - group of 3 »
EMA Clarke, OA Grumberg, HA Hiraishi, SA Jha, DEA ... - Formal Methods in System Design, 1995 - Springer
... For example, a **bridge** that detected sequential accesses and ... may assert tf and try to snarl the **data**. ... Each device model includes two flags **bus-error** and **error** ...
